MEMORANDUM FOR: Deputy Director (Research)

SUBJECT : Preliminary Budget Estimates for Fiscal Year 1965
and Long Range Budget Projections through
Fiscal Year 1968

1. In his memorandum of 21 March 1963 to each Deputy Director, the Comptroller requested that the subject data be furnished by 19 April 1963. In order that the FY-1965 and long range plans for Communications be as inclusive as possible, it is requested that you inform me at the earliest practical date of the major DD/R programs that will require communications support during the period concerned.

2. I am assuming that the present practice will continue whereby the DD/R organization provides funds for the Communications personnel, equipment, and facilities that are directly in support of DD/R programs. However, it is important that I know the expected level of your operations so that proper consideration may be given to the adequacy of facilities and staffs involved in communications training, administrative and career management, and in the test and inspection of incoming communications type materiel.
